I have taken the liberty of developing a report format (see enclosure 1). If the format is acceptable to you, I suggest we individually prepare specific sections, then arrange a meeting at a place convenient to you and Bill and together prepare the final draft. In keeping with this and with reference to the format I propose we consider the following:

Paragraph 1: Joint effort at meeting.

Paragraph 2: [redacted]

Paragraph 3: [redacted] - We will provide photos.
